EXPERIENCE

EARLY CHILDHOOD EDUCATOR (Volunteerism)

YMCA Calgary | SE Calgary, AB | March 2021 – June 2021

Volunteered in a daycare setting (YMCA Daycare and Childminding center), providing support in supervising children, engaging them in educational and playful activities, and ensuring a safe, clean, and organized environment.

- Supervised and engaged with more **than 10 children daily** in structured learning and play activities.
- Implemented **engaging activities** that enhanced children's social and cognitive skills.
- Ensured **100% safety compliance** by closely monitoring children's well-being.
- Maintained a **clean, organized, and child-friendly** space, promoting a healthy and productive setting for the children.

SALES REPRESENTATIVE

Cutco Cutlery - Vector Marketing | SW Calgary, AB | May 2024 – July 2024

Responsible for booking product demos, engaging with customers, and driving sales, while participating in team meetings to enhance sales strategies

- Conducted **over 50+ outbound calls weekly** to book virtual and in-person product demos for potential customers.
- Achieved a **30%+ conversion rate**, successfully turning product demos into sales.
- Demonstrated **strong persuasion skills,** maintaining a focus on customer needs and offering tailored solutions.
- Successfully **met sales targets** and contributed to the team's overall performance.
- Regularly attended **team meetings,** discussing **strategies to improve sales and enhance customer engagement.**

TECH SUPPORT (Volunteerism)

Grand Seton Village | SE Calgary, AB | July 2024 – August 2024

Assisted seniors with technological issues and provided support with decorations and hall setups for various events.

- Helped **20+ seniors** troubleshoot technological devices and improve digital literacy.
- Assisted in setting up **over 5 events**, managing decorations and hall organization.
- Provided **patient and clear guidance**, enhancing seniors' confidence in using technology.
- Ensured smooth event execution by managing de´cor and logistics with keen attention to detail.

WEB DEVELOPER (Hybrid Internship)
Sadaiv Education Limited | South Lethbridge, AB | March 2025 – Current
Currently gaining hands-on experience in both front-end and back-end development. Responsible for designing user-focused prototypes and transforming them into responsive, functional websites. Collaborating on real-world projects to deliver clean, efficient, and maintainable code.
- Designed interactive website prototypes using Figma, ensuring intuitive and responsive user interfaces.
- Translated UI/UX designs into functional, accessible front-end code using HTML, CSS, and JavaScript.
- Contributed to back-end development using PHP and MySQL, assisting with database integration and server-side functionality.
- Tested and debugged features to ensure cross-browser compatibility and smooth user experience.
- Participated in code reviews and team discussions, continuously improving code quality and development practices.
- Applied attention to detail in both design and implementation, ensuring pixel-perfect interfaces and clean, maintainable code.
